Donna Rossetti-Bailey CPS, PPSCC, PPOM  
Painting Night Scenes, 9-4  
Cape Cod Art Association, Barnstable

“Nocturnes” are very intriguing and fun to paint. We will be working in the studio (not plein aire!) to create at least two paintings of nighttime scenes during the weekend. Some of the best subjects for night paintings are older architecture: shops, bars, etc. that have “character”. Also, landscapes with some illumination: lights in the windows at twilight; the full moon reflected on water; city streets with traffic or car lights; etc. Start taking your reference photos now, so you will have lots to work from! We will be experimenting with different painting surfaces and colors. If you have any Terry Ludwig Intense Darks, bring them along! Guaranteed fun!
